Principal's Message

Dear Parents and Carers

I hope you have had a lovely break. It is hard to believe Christmas is around the corner once again.

Term 4 is extremely busy with Stage 2 and 3 Camps, Semester 2 Reports, as well as end of year functions, including the Year 6 Graduation and Farewell.

I was privileged to hear speeches at the end of Term 3 from students in K- 6 Red (Mrs. Power).

Kobe delivered a very interesting speech on Russia. Did you know there are 15 states in the Soviet Union?

Athrun spoke about the Lego Star Wars Game. Completing missions is essential to being a successful competitor.

Brighton talked about Minecraft. Amazing details, including Microsoft bought Minecraft in 2014 for 2.5US billion dollars.

Bradley spoke about Indominus Rex. Wow, I did not know that this genetically modified species of dinosaur was a combination of a T-Rex and a raptor. Apparently, I can learn more from the Jurassic World film.

Thank you, Mrs. Power for coming to school exuding happiness every day and delivering that 'sparkle' to students that makes them shine. Another example of a quality teacher delivering innovative, critical and creative strategies to her students to enhance their learning.

Last Wednesday after school I visited Stage 2 Camp at Yarramundi. What a beautiful spot!!!! I watched students on the rock-climbing wall, archery and the flying fox. Thank you to Ms Wood, Mr McLoughlin, Miss Pisto, Mr Martello, Mrs. Anderson, Mrs Hayes and Mrs Crompton for looking after our students and making sure they had a wonderful learning experiences. A special thank you also to Mrs Power for attending camp after school, and spending the night, to give extra assistance to students and staff and to Mr Fogg for spending time with teachers and students during the morning session on the Thursday.

The dedication and support provided by Penrith Public School teachers goes over and above their expectations.

Supporting School Success Forum

Reflecting on the challenges of the last few years, the NSW Department of Education is in the process of reviewing and evaluating what school success looks like now and in the future. It's enhancing ways to support student success and wellbeing as part of ongoing school reform. The goal is to support our schools in a way that is more responsive to their needs and priorities.

To inform this work, the department is inviting parents and carers to share their perspectives on what the school and the department could do to improve the schooling experience. By participating, parents and carers will inform the department what is working well, what needs to be improved, and will be involved in shaping new and innovative initiatives.

If you would like to be part of the discussion, there are face-to-face and online forums being held in weeks 5, 6 and 7 of Term 4 (7 – 25 November). You can register your interest and find more information at [Have your say on what school success looks like](#), including the locations and timing of sessions.

The session for Penrith is on the 11 November at Penrith Selective High School from 8:45am-9:45am.

Thank you for supporting the work in NSW public schools.

LAST DAY OF TERM 4 IS FRIDAY 16 DECEMBER 2022

As we near the end of the year, I want to thank you for your ongoing support and notify you of a date change for the last day of Term 4 classes.

Students will now finish school on **Friday 16 December 2022**.

This is due to an additional School Development Day announced for staff across NSW Public Schools.

School Development Days allow our staff to participate in professional learning that was put on hold due to COVID-19 staffing pressures and plan ahead for 2023 to ensure we meet the needs of our students.

With this change, we ask you to arrange alternate care for your child on Monday 19 December 2022.

You can find local vacation care services for your child via the Before and After Care School Finder External Link: <https://finder.service.nsw.gov.au>

School Travel

Term 4 2022

2023 school travel applications are now open

Applications for student travel in 2023 open from **Monday 10 October 2022**.

Students who need a School Opal card or travel pass for 2023 can [apply](#) now. A new application will need to be submitted if they are applying for the first time, or if they are requesting an additional travel entitlement as a result of a new shared parental responsibility situation (e.g. joint custody).

Students who change address, school, campus location, have repeated a year or received an expiry notification from Transport for NSW for their school travel entitlement should [renew or update](#) their details before **the end of term 4**. This will ensure that schools can endorse applications, and entitlements remain valid for the start of the 2023 school year. School Opal card holders will have the changes applied to their existing card.

If a student's distance eligibility has changed based on their grade (i.e. grade two to grade three), the system will automatically update their entitlement if they meet the new criteria. If they do not meet the new [eligibility criteria](#), we will send an expiry notification via email.

Students who have an entitlement approved under a medical condition that is due to expire will receive a notification advising them to re-apply.

[Term Bus Pass](#) holders will receive a notification to re-apply.

Students in the Opal network applying for an Opal card (including a Term Bus Pass) for the first time will receive their Student Opal card at their nominated postal address. Cards will be mailed out from January 2023.

Students living in rural and regional (R&R) areas should receive their travel pass at the start of the new school year from their nominated transport operator. It may come via the school or be sent directly to them at home. **Note:** some R&R operators do not issue travel passes. Students/parents should confirm with their nominated operator if they do not receive a pass.

Travel from Term 1 2023

We ask that parents plan ahead and make sure their child knows which service/s to use and has a valid ticket to travel; either a School Opal card or Child/Youth Opal card (within Greater Sydney) or a School Travel Pass (outside Greater Sydney), from the start of the school year.

Applications for 2023 School Student Transport Scheme (SSTS) travel open at the start of Term 4 2022, so parents/students can [apply](#) or [update](#) details early and be ready for the start of the new school year.

Most students using the Opal network will not need a new Opal card and can continue travelling on their existing card each year.

The start of the year is a busy period for local transport operators, and students travelling without a valid ticket make service planning and operations difficult.

We recognise that for some families last minute changes to school enrolments mean they may not have a School Opal card or Travel Pass for the start of term. In the Opal network, we strongly encourage these families to have their children travel with a Child/Youth Opal card until they receive their valid School Opal card. If outside Greater Sydney, parents should contact their [local bus operator](#) to discuss their travel needs.

Bus operators are flexible and understanding, particularly at the start of the school year, and will ensure students can travel safely to and from school. But to best support our operators we encourage all students to have a valid ticket, as early as possible, from the start of the school year.

Students using School Opal cards are also reminded that they must tap on and tap off in line with the [Student code of conduct](#) and [Opal terms of use](#).
